SAGEBRUSH TWIGS.

John Hanson, late Superintendent of the Morgan mill on the Carson river, has opened a ship chandlery store in San Francisco

The Gold Hill Board of School Trustees are casting about for more territory whereon to erect a new school building during the coming Spring

On motion of Stewart, the appropriation for general and incidental expenses of the Indian service in Nevada has been increased from $15,000 to $35 000

Rev S P Kelley, Superintendent of Public Instruction, took his departure from Carson night before last on a visiting tour among the public schools of Eastern Nevada

The Carson Valley Grangers are making preparations for a grand ball at Genoa on the 3d of next month They have secured the services of Taylor s Band, and engaged the use of a suitable hall, etc , etc , and declare their intention to make it the grand ball of the season

Senator Stewart has introduced a bill providing that from and after the first day of May next the terms of the Circuit Court of the United States for the District of Nevada, and the terms of the United States District Court for the same district, shall be held at Virginia City, Nevada, instead of at Carson City as now provided by law

A bill has been introduced in the Senate for taking a census of the State this year The bill should pass It would enable us not only to justly apportion succeeding legislative representations prior to the taking of the next census by the General Government, but would exhibit an increase in wealth and population of which we would all be proud

CARSON AND CALLVILLE RAILROAD.

Senator Lockwood, of Ormsby has introduced a bill providing for the construction of a railroad from Carson City to Arizona, on the Colorado river a distance of about four hundred miles Beginning at Carson it runs through Douglas Esmeralda Nye and Lincoln to the town of Callville This of course is another subsidy bill, and may meet with favor, but we sincerely trust our Legislature has not yet fully decided to kill the Republican party in Nevada Ormsby county is asked to subscribe $30 000, Douglas $200 000, and Esmeralda, $200 000 The project does not meet with much favor from Douglas county as will be seen by the following from the new Douglas county paper, the *Carson Valley News*

As a matter of paramount interest to every tax payer of Douglas county, we publish the bill in full so that every one can have an opportunity of judging for themselves as to its merits and demerits We at first thought of referring to its provisions at length, but it seems like folly to discuss a measure about which there is but one opinion

The question has already been submitted to the tax payers of the county, in the form of a remonstrance and they have given a very decided answer in the negative which fact alone according to the provisions of Sec 2 of the bill kills it so far as Douglas county is concerned The matter now rests with the Legislature, and if they are governed by the wishes of the people we hope for a two years rest on the subsidy question

WELL UNDER WAY — There is no longer any question about the construction of the narrow gauge railroad from Nevada, via Grass Valley, to Colfax The *Transcript* says camps have been opened for the laborers at different places, with a large force of men and horses engaged on the work The tunnel between Bear river and Greenhorn will be commenced in a few days Mr Beatty, the contractor, has sent an agent East to purchase the iron and locomotives for the road

POSTMASTER AT SUSANVILLE —John C Partridge, editor and proprietor of the Susanville *Advocate* has been appointed Postmaster at Susanville We extend our [illegible]

RECORD-UNION.

This is the name of the new paper, created by the mergement of the Sacramento *Union* and Sacramento *Record*, the recognized organ of the Central Pacific Railroad Company The loss of the original *Union* cannot be too deeply deplored None but itself can be its counterpart It had to take many a step in violation of recognized ethics but its every step was a stride onward It took no by-paths, and was in our opinion the *beau ideal* of a people s paper It were better for the people of California had they kept it alive by a capitation tax than that in its old age they allowed it to succumb to the monied powers of that portion of the country Well may its proprietors exclaim, especially to the city it had so long honored *Et tu Brute!* for it was from Sacramento they received the most cruel blow ever given it —so uncalled for and so unjust From the time we first sold it on the railroads, when we peddled peanuts—from the time we was a compositor on the paper—from the time we have received it as an exchange we have loved it well and now that it has gone forever more, we feel that we have lost a dear friend Peace to its ashes

DON'T WORRY

The Reno JOURNAL is still in a bad way over the success of our railroad bill We sincerely hope it will not [illegible] in

The above choice bit of consolation we find in the Austin *Reveille* The *Reveille* need not worry about us, its consolation will probably do more good if given to those who violated their pledges by voting for the Linder subsidy bill of $200 000 given to five men chief among whom is the editor of the *Reveille* It strikes us that they will need all the consolation they can get from the *Reveille* and more too, ere the people at large will ever again repose sufficient confidence in them to assist their progress in public positions of trust Public sentiment may change on the subject which has afforded the *Reveille* the occasion for weak sarcasm but when it does public virtue will be on the decline and then may be the *Reveille* will lead the van

OPPOSED TO THE REPEAL.

The California delegation to Congress has presented a memorial to the Senate Committee on Appropriations against the repeal of the subsidy to the Pacific Mail Steamship Company, asking the Committee to withhold its report until the Judiciary Committee presents its views upon the legality of the contract between the United States Government and the Pacific Mail Company The delegation also ask that if the Committee desires to repeal the contract with the company to allow the appropriation to remain as it was last year whereby the Postmaster General may be permitted to readvertise for the same monthly service The memorial, which is quite lengthy points out the value to the Pacific Coast and the entire Union of the semi monthly service to Hongkong and the effect upon the trade of California should the extra steamer each month be withdrawn

THE OPENING —The Ohio Republicans in Washington recognizing that the coming election in Ohio will be the opening of the Presidential campaign of 1876 met at the residence of Secretary Delano a few days ago and after an interchange of views determined upon the early opening of a vigorous and aggressive campaign in Ohio Commissioners were appointed to co operate with the State Executive Committee at Columbus to prepare for the canvass

TO THE POINT — The Panamint *News*, in anticipation of an enlargement discourses at some length in a plainly written article directed to the citizens of the town in the course of which the following sentence occurs

The mere fact abroad that a good newspaper is sustained is sufficient evidence that there is something in the country where it is published to sustain it If you want dull times let your local paper struggle along and bear on the face of its pages the fact that it receives very little patronage

That s just what s the matter If the local paper is not supported liberally, its columns must give evidences of the fact to those who read it abroad

Something Wrong.

ATLANTA GA Feb 23

The investigation of accounts of the State Treasurer, under the direction of the Finance Committee of the Legislature, shows $150,000 bonds to have been paid twice, and the examination is not yet concluded State Treasurer Jones states to the committee that he was unable to obtain for a long time from Henry Clews of New York, financial agent of the State any account of his transactions When the statement was finally obtained it showed the same bonds had been paid in New York and by the State Treasurer, to the amount above stated Treasurer Jones charges by implication that Clews paid the State bonds and without cancelling them, again put them on the market

Louisiana.

CHICAGO Feb 23

A Washington special says the following are the conclusions of Hoar Frye and Wheeler, of the Congressional Louisiana Investigating Committee as embodied in the report which they have agreed upon First —That the so called White Mans party in Louisiana has had the purpose to take possession by fraud and violence of the State Government Second—That in execution of this purpose they have not and will not refrain from murder fraud civil war or coercion of employees Third —That the moderate men of the party are unable to control the majority Fourth—That these causes have induced the formation of this party and rendered it more difficult to unite the best men among them in opposition to the fact that the administration party in the State is made up of almost the whole Negro vote with a few whites largely from other States In fact that there has been great maladministration by Republican officials and the belief is honestly entertained by large numbers of the white people of the State that the have been twice defrauded of the results of elections in which they had been successful Fifth Admitting these evils are likely to exasperate any people the course of the whites has tended to bring them about simple peaceful remedies of obedience to law and decent treatment Their opponents would have proved effectual long ago Sixth —The committee believe Kellogg received a majority in 1872 and while they believe there was violence and fraud which frustrated the will of the people in the main parishes in 187[illegible] the illegal order of Judge Durell and illegal conduct of the returning Board attempting to cure one wrong by another naturally inflamed popular discontent and lent plausibility to the complaints Seventh—The committee believe there has been much dishonesty and corruption in the State and local Governments for which the Republicans especially under Warmoth's rule are largely responsible though in numerous cases their opponents have been equally to blame Eighth—The effect of all this has been to destroy the authority of law over a large portion of the State and deprive the Negro of the right of suffrage to overthrow a Republican Government in Louisiana and seriously menace it in the whole country Ninth—A new election at this time is not desirable neither party ask for it and it would aggravate the present evils Tenth—Congress should use its constitutional powers in the matter The committee think Kellogg is the choice of a majority of the voters of Louisiana and should be recognized as Governor Congress should also provide for further safe guards for holding elections and ascertaining the result if it can be devised Eleventh—The committee conclude by saying these remedies are at best temporary Efficient aid to establish means of public education would do much to remedy the evils of public sentiment of the rest of the country without distinction of party and do much to remove as it has unfortunately done much to aggravate the trouble in Louisiana The people then should be made to understand that all authority of the Government to preserve a Republican form of government and protect the rights of citizens will be firmly exercised and no party in this country will accept the alliance of men who are seeking power by such methods as the committee have described

DR. A B. SPINNEY,

WELL KNOWN throughout the country as a Pathologist and Physiologist whose successful treatment of certain physical disabilities and functional derangements deservedly entitled him to the familiar recognition of the GREAT SPECIALIST would respectfully inform the citizens of Virginia City Nevada, and vicinity that he can be consulted at No. 188 South C street Virginia seven doors north of the French Drug Store, at his office thus giving invalids an opportunity of ridding themselves through his professional agency of such constitutional annoyances and ailments as he claims to encompass and to cure Without entering into biographical details it is sufficient to simply promulgate the fact that DR SPINNEY'S earliest reputation may be traced back to his inauguration and conduct of the Montreal (Canada East) Medical Institute The regime of the English Pharmaceutical Colleges is gauged by an elevated standard An extended experience and an assiduous study of the varied phases of disease enables him to guarantee assurance of success in the eradication of the multiform chronic affections incident to both sexes such as Nervous Debility, Exhausted Vitality Youthful Excesses Marriage Impediments Chronic and General Afflictions

TO THE LADIES.

DR SPINNEY while naturally impressed with the delicacy of the subject feels no hesitancy in assuring them that in conjunction with a competent knowledge of their various sufferings such as Nervousness Neuralgia Spinal Weakness Loss of Appetite, Lassitude Prolapsus Uteri Retroversions or Displacement of the Womb Vaginal Irregularities Leucorrhea Dyspepsia Indigestion, Constipation and the many petty irritating distractions that almost invariably have their origin in the uterine region afford them immediate relief

YOUNG MEN.

Who may be suffering from the effects of youthful follies or indiscretion will do well to avail themselves of this the greatest boon ever laid at the altar of suffering humanity DR SPINNEY will guarantee to forfeit five hundred dollars for every case of seminal weakness or private disease of any kind or character which he undertakes and fails to cure He would therefore say to the unfortunate sufferer who may read this notice, that you are treading upon dangerous ground when you longer delay in seeking the proper remedy for your complaint You may be in the first stage remember you are approaching the last If you are bordering upon the last and are suffering some or all of its evil effects remember that if you obstinately persist in procrastination the time must come when the most skillful physicians can render you no assistance when the door of hope will be closed against you when no angel of mercy can bring you relief In no case has the Doctor failed of success Then let not despair work itself upon your imagination but avail yourself of the beneficial results of his treatment before your case is beyond the reach of medical skill or before grim death hurries you to a premature grave

COME AND BE HEALED.

It matters not what your trouble may be, come and let the Doctor examine your case. It will cost you nothing for consultation so please call and satisfy yourself whether the Doctor understands your case If he can cure you he will tell you so if not he will say so for he will not undertake a cure unless he is confident of effecting a cure

MIDDLE-AGED MEN.

There are many of the age of thirty to sixty who are troubled with too frequent evacuations of the bladder often accompanied by a slight smarting or burning sensation and a weakening of the system in a manner the patient cannot account for on examining the urinary deposits a ropy sediment will often be found and sometimes small particles of albumen will appear or the color will be of a thin milkish hue again changing to a dark and torpid appearance There are many men who die of this difficulty ignorant of the cause which is the second stage of seminal weakness Dr S will guarantee a perfect cure in all such cases and a healthy restoration of the genito urinary organs

N B Only one interview required in a majority of cases Inland treatment can be conducted at home without interruption of business No cases treated without a personal interview and proper examination

SELLING WHISKEY TO INDIANS.—Officers Avery and Jones yesterday brought up before Justice Gilson an individual caught in the act of selling whiskey to Indians. The case was so strong against the fellow that he pleaded guilty and Gilson gave him twenty-five days, so the County Jail has an occupant. We rather thought it would not be empty any great lenght of time.

CARSON VALLEY NEWS.—We are in receipt of the first number of this new weekly paper, published at Genoa, Douglas county, by A. C. Pratt. We wish our old friend Pratt the utmost success.

IN A NEW ROLE.—Charlie Richardson, ex County Auditor, will open out to day in the "Hope" saloon, adjoining Simpson & Osburn's drug store Call around and imbibe with Charles—and put up for it.

SOCIAL.—The ladies of the M. E Church will hold their social at the church this evening. There will be a good entertainment. All are invited to attend.

COMMISSIONERS.—The Board of County Commissioners meet Monday next, March the onest.

THE stock report appears as usual. The market don't look very healthy.

SURGERY.—It is no longer necessary for the afflicted who need surgical aid to go to the "coast," as they have now in Reno one of the most skillful surgeons in the United States. Dr. A. J. Grover has no superior on the Pacific slope as a successful surgeon. He gaurantees the most perfect satisfaction in all cases that are within the reach of surgical skill. Also gives special attention to chronic diseases. *

FOR SALE.—The brick dwelling house of D. A. Bender, on West street, is offered for sale. For particulars apply at the bank.

NEW VARIETY STORE.—Mr. C. J. Brookins has opened a variety store on Virginia street, adjoining J. E. Jones & Co's. bank. He deals in stationery, candy, confectionery, cigars and tobacco, and other useful articles. By close attention to business, and by giving a man his money's worth, he expects to command patronage. Give him a call.
